Description

A beautiful erotic curiosity, a rare copper plate in low relief representing an orgy of dragons under the empire.

take a good look at the pictures it's more than a naughty scene.

work very finely done in low relief with great attention to detail. very nice patina.

this thick copper plate was set in sea-green marble at the end of the 19th century.

very nice work a beautiful erotic object in the manner of a painting, rare to meet, which can serve as an original paperweight.
