### Description

Beautiful Chinese consoles

4 feet

in black lacquer, embellished with gilding,  
period late nineteenth C

China

Based on four curved legs, embellished with  
gilding Able to assemble together as a centre  
table, with their slots on the back (see photos)

Light wear on their tops but not diminishing their  
centennial beauty; circa 1880

We see these consoles in various interiors: their  
presence would be nice in a decor mixing  
antiques with contemporary ... and very  
appreciated also in a classic interior to "break" the  
rigidity while staying with authenticity
