Description

12-light chandelier in patinated and gilded bronze, in a Dutch spirit, with many decorative elements of different styles.

We find elements of the Empire style with the palmettes, and of the Louis XVI style with crossed ribbons and grooves.

The 12 lights are spread over two height levels, 4 above and 8 below.

Work from the mid-20th century.

Possibility of withdrawal on site, or contact us for a possible shipment.

All our lights are completely restored by our workshop, both in terms of the structure, the pendants, and the electricity, and are therefore in perfect condition of presentation and operation.
