

## Arturo Daniele (1878-1944).

### Description

Oil on canvas depicting rural landscape, with peasant woman. The protagonist and also the only subject of the canvas, is the tired peasant woman who gently caresses her cow and with the other hand holds a bucket containing most likely, as you can easily imagine, freshly milked milk. Everything happens in nature, headed mostly by a large tree with a large bow. The landscape is set by a boundary wall, in which there is a small building. The painting technique is characterized by the use of brushstrokes, by touches not too precise, but alive in color.
