Description

Original lamp made from a hot water table fountain. This one in black and gold lacquered sheet metal with Martin varnish decorated with an animated lake landscape in the style of the Far East, taken in the shape of a lion's muzzle, hexagonal-shaped stove, placed on small claw feet, marble base also six-sided. Period: Late 18th century Dimensions: Body height 44cm Total height with bulb / lampshade holder 74.5cm Base 16.5x16.5cm The cable dating from the 1930s being out of order (see photo), it was deleted and a new one to current standards and fabric finish will be installed very soon, included in the price indicated. It is possible to use this lamp by adding a glass tulip or a lampshade. Other information on request Transport for France 30EUR Other destinations on estimate
