

## Cast Iron Planter

480 EUR

Period : 19th century

Condition : Bon état

Material : Cast iron

Length : 72 cm

Width : 36 cm

Height : 36 cm

Description
-------------

Beautiful cast iron planter from the 19th

Restoration period

Model of great sobriety of execution, which can make your garden a magnificent decoration, in the very refined taste of the neoclassical, it can be very suitable for an interior of your house

The upper part of the embroidery is canelet of its frill, on the facade of the planter is a central badge to affirm the design, all in a very beautiful state of patina due to the time spent

Shipping to be defined, only to recommend and signature upon receipt
