Description

France, second quarter of the 20th century

Bistro table

Metal assembled by rivets.

H.: 72.5 cm.

Diam. tray: 79 cm.

Hole for the parasol.

Very stable due to the weight of the foot.

Traces of use.

Restored paintwork (ironwork black and
hammered jade green).

My opinion: can be used indoors or outdoors.

Ideal in a small garden or on a balcony for coffee
(summer is coming !).
