Description

Gouache representing a lake landscape animated by boats and cottages at the water's edge. Surroundings of Lazare Bruandet (1755-1804) because typical of his works. The whole is in very good condition, very colorful with a predominance of blue and green, as is often the case with gouaches from the end of the 18th century. It is framed by a beautiful frame in gilded stucco with key, from the Empire period. A note: some inscriptions on the back to decipher. dimensions: The gouache at sight 22x16 cms Frame 49x39 cms Moldings 4 cms Very decorative.
