Description

Here is a copper miniature, it is an interior scene made in the 19th century in the style of the 18th century. There is a monogram that we have not been able to decipher. The frame is in wood and gilded plaster. Everything is chic, nicely served by this framework. For the state, we report small traces of paint wear on the perimeter, the frame is split, note small chips and gaps on the frame which has been glued, part of the knot is unstuck at the top. There is no cache on the back to hold the work. Our many photos allow you to appreciate the quality of the work. For the state, thank you for detailing the photos. Do not hesitate to zoom in. The photos are an integral part of the description. Dimensions: - Frame Height: 26.3 cm Width: 20 cm Thickness: 3.2 cm - Oval on copper Height: 14.5 cm Width: 11.7 cm
