

Djenne Mali Terracotta Statue

700 EUR

Period : 20th century

Condition : Prévoir restauration

Material : Terracotta

Description

Very interesting Djenne style terracotta from Mali, complete in fairly good condition, despite wear, splits and cracks, restorations should be noted, notably the right leg which is glued back together. A character, probably a hogon, is seated with his gaze turned towards the sky, he is richly adorned with a bracelet. Beautiful patina from pink to black, these objects are often collected by locals then resold, this one was bought in Mali in the 70s by an expatriate. Total height 20 cm.
