Pretty pair of scroll-shaped vases called "yokohama" by Legras. Interesting vases, clearly referenced at Legras, these opaline vases have a rich, very Japanese rotating decoration. There are cartridges and floral decoration as well as a large round Japanese sign. This Asian trend was very fashionable at the end of the 19th century. 25 cm high, very slight wear to the gilding on the collar...very good condition. Beautiful collectible pair, circa 1895, quite an era!
