### Description

lovely little chest of drawers in walnut from the Italian Renaissance - 17th century

Very beautiful chest of drawers made up of 4 drawers. They each have their original locks which are very good quality.

Very beautiful sculpture work on the drawers.

Once opened, the bottom drawer reveals a top with a small drawer. This was meant at the time to use the last drawer as a kneeler. This is rare and original.

Superb patina and in very good condition.
