Description

Large and wide ceramic jar from Ming period (1368-1644), with a very beautiful patina. The dark brown glaze is in places reopened with slight iridescence and cracks of grey concretions linked to its age.

The jar has 4 very thin "S" shaped handles on its upper part.

Good condition (no fel or restoration,...) to be noted nevertheless a slight chip at the pass.

Dimensions 63cm height, approx 47cm diameter (18cm diameter at the collar)

Stunning, elegant and timeless ceramic which can be combined with all types of decorations;
