Description

19th century Volkstedt porcelain cup. Oval in shape with animated and openwork contours, it has a floral relief decoration complemented by colorful flowers painted on white porcelain. At the bottom of the cup, on one side, there is a small cherub swimming alongside an impressive stylized fish; on the other side only the fish is represented. This interesting rococo style bowl is in good condition. L: 26cm W: 13cm H: 14cm
