880 EUR

Period : 19th century

Condition : Parfait état

Material : Terracotta

Diameter : 32 cm

Height : 34 cm

### Description

Pair of orientalist pendants, probable work by Goldscheider; superb pair of terracotta dishes, a Nubian couple represented in relief against a background of palm trees, medina, water carriers. The costumes are an elegant witness to the particularly well-made adornments of the period. Orientalism which was advocated at the end of the 19th century transports us to other countries
