Description

smoking robot rare blue version in superb condition. perfect battery compartment a little minimal oxidation above the torso
this blue version is very rare; you will notice that the hole for the smoke is off from the center (detail that it shares with the green version° on the greys the hole is in the center
Smoking spaceman is "THE ROBOT" Japanese icon; the silver metal colored designed by Rikizo Miyazawa no less than the founder of Marumiya. Smoking spaceman was the robot who arrived at the right time: his actions: he walks swings his arms realistically, stops his eyes light up, he smokes (a glowing wire touches a sponge soaked in oil) All these actions are done in sequences. Yonezawa's Smoking space man is undoubtedly the robot most copied by the Chinese and
