Description

Kakejiku of a representation of Mount Fuji with the four cardinal animals called in Japan the shijin the four gods, Genbu the turtle which symbolizes the earth and the North, The west with byakko the white tiger and the metal, the south with Suzaku the the vermilion bird and the element of fire and the east with Seiryu the blue dragon linked to the element of wood. Perhaps in this work, Mount Fuji is the center and the element of air. It is a work made during the 20th century.
