Description

Vallauris, 1950s, beautiful earthenware plate with colorful trompe-l'oeil decoration of a fish, seahorse, shells, seaweed and coral on a black background. This type of creation, very much in vogue at the time, corresponded to the discovery of the Côte d'Azur by the general public, thanks to the great personalities of the cinema and the art world. And so, with such a purchase, everyone could leave with a bit of the Mediterranean dream.

The colors are sparkling and the representations highly realistic.

Diameter 18.7 cm. The scale indicator on the last photograph is a small model of a lighter from a well-known brand.

Good condition. No bumps, cracks or missing parts.
