Description

Exceptional tall Venice glass in traditional blown glass in the beautiful ruby color dazzling with luminosity, the decorations of which are enamelled against a backdrop of Renaissance arcades, such as those of Saint Mark's Square in Venice. Around the perimeter, interspersed with arcades, along a long arcature, on luxurious paving, are decorated in enameled reliefs with Venetian nobility characters: two Doges almost face to face, a young couple holding hands, a greyhound dog observing them, a knight with a sword, a young man serving the large fan. This exceptional high glass from Venice is in magnificent condition for which nothing is to report.
