Description

History and Origin

The 18th century walnut chest hails from the historic region of Emilia-Romagna, renowned for its high-quality craftsmanship. This piece, made in the 18th century, represents an outstanding example of the skill and artistry of the artisans of the time. The chest is a witness to the past, capable of telling stories of a rich and fascinating history.

Design and Features

The chest features an elegant and functional design, typical of the period. The solid walnut used for its construction provides robustness and durability, while the time-worn patina adds a unique and authentic charm. The dimensions of the chest are 130x50x62cm, making it suitable for various areas of the home, from the entryway
