

Statue Of St Christopher In Stone 17th Century

5 500 EUR

Period : 17th century

Condition : Bon état

Material : Stone

Width : 55cm

Height : 1.16m

Depth : 32 cm

Description

Beautiful treatment of this limestone representation of Saint Cristophe sculpted in the round. He is presented in full length, the body leaning heavily on his stick, muscles tensed by the weight of the effort to support the Child, who represents Christ carrying the World. Treatment of very expressive faces. Perhaps closer to Nancy's school.....?
