### Description

19th century, Bloch's shop

Pair of pots

(2) Porcelain, h. cm 36

The two porcelain vases, in the shape of an amphora, with handles, are to be associated with the workshop of Bloch, active in the town of Eichwald in Austria: the two pots, due to the presence of the mark shaped as a bee hive of green-blue color are placed chronologically in the second half of the nineteenth century.

They are decorated on all sides with scenes of epic and mythological character among which we distinguish among the others the Three Graces, Spring, Summer and Cupid.

The object is in good condition
