Description

Large painting on an engraved enamel plate, representing Saint Malo, more particularly the hold of the Solidor Tower. Original and dreamlike work by the diversity of techniques used (engraving, enameling, relief painting), by its colors and by the abundance of details. Magnificent shades of green not without recalling the beautiful Emerald Coast ... Presence of a signature at the bottom right slightly erased. Dimensions: 130 cm - 70 cm For more information, additional photos or a delivery, please contact us.
