

Napoleon III Bronze Candlesticks

460 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Diameter : 18 cm

Height : 57 cm (fleur de lys comprise)

Description

Beautiful pair of Napoleon III candlesticks with five branches, in bronze. They are decorated with sphinxes attached to the shafts and drapery falls on the bases. Likewise, they are topped with removable fleur-de-lis which, at will, allow them to be used in four or five lights. The bobeche has reducers inside to be able to place modern candles without problem. Certainly to be cleaned, but very good original condition.
