### Description

French sideboard in solid oak blond end 19thThis sideboard opens with three doors and two drawers. The drawers can be used to store cutlery sets. They are mounted in a dovetail ensuring perfect strength. This is how they can be opened daily and contain many objects. They slide perfectly. The doors once opened let a shelf appear.This rustic style sideboard is robust. It comes from the kitchens of a castle located near the Loire. The kitchens located on the first floor of the basement, in the vaulted rooms of the castle were equipped with functional furniture, robust, rigid and sober.Handles, entrances and keys are metal. The drawer handles are thick and robust with a grip adapted to the function that was reserved for them. These handles harmonize with the other metal finishes and give a coherent look

to the whole furniture. The keys and locks have been in place since the furniture was created. Everything is working. The central door is carved with four hearts. The other two doors are decorated with scrolls and the pillars. The back of the furniture is made of solid wood panels so very resistant. This furniture is made from quality materials and built using ancient techniques: tenons and mortises weld the wood pieces together and reinforce strength. This furniture charms us by its great proportions, its experience, its robustness. The credence has been cleaned with a natural biological preventive treatment avoiding any odor. Practical storage solution in a living room, in a kitchen, this furniture is functional, in perfect condition, with just the right proportions. It will naturally find its place in our current homes. It is a piece of furniture with character. Its timeless appearance makes you want to keep the best of the past and enrich its history by settling in your home. You will bring your piece of the story puzzle to your turn. You will highlight it by playing with its lines. Trying it is adopting it!
