### Description

Superb Asian cabinet carved in stained beech, with decoration inlaid with mother-of-pearl and bone. It has a display case lined with bright red velvet. This is flanked by two niches. This upper part is topped with a large carved dragon. Below, we find a storage space whose door is carved and decorated with birds and traditional characters.

On the left side, we observe two new niches.

Finally, this cabinet has a shelf with a large storage volume and pretty curved feet at the front.

This piece of furniture in the style of Gabriel Viardot is charismatic and space-saving.
