Description

Important night light with "fern" decor in multi-layer glass etched with acid on a white marble background. It rests on its base with three leaves cut out of hammered wrought iron made in the Schneider ironworks workshop. Usual signature "Le verre Français" on the edge of the glass. Entirely original, which makes it a rarity, its socket equipped with its serrated ring in white ceramic, its electrical plug also in white ceramic and even rarer, its very long original electrical wire which allows you to install the night light at your convenience, all in perfect working order.
