### Description

Entrance steps with five steps in stone from Saint Martin Belle Roche (Saône et Loire) and its pair of wrought iron railings. Its first step rounded at its ends supports a pair of restored cast iron banister posts. Its upper step is notched to serve as a door threshold with a width of 100 cm, this step can be resized on request. Its railings with bars ringed with a flower are ready for installation (sealing included). The whole can be dismantled for transport, except for the banister posts. The length of the first step is 165 cm (minor usual restoration) and 120 cm for the other four. The depth of the whole is 160 cm for 140 cm projecting from the wall. The step is 32 cm for 28.5 cm of tread. The height of the railings is 98 cm. You can visit our website: [www.claudeaugustin.com](http://www.claudeaugustin.com)
