### Description

DINANDERIE, KASHMIR INDIA, late 19th or early 20th century

Small REPOUSSE & CHISELED SOLID SILVER CUP WITH RELIEF RADIANT AND FLORAL DESIGN

Good condition; note however some indistinguishable deformations of the outline of the piece

The bottom of the cup, largely curved, figures in a rosette, which seems to be a lotus flower seen from above.

Side of the cup figures a very rich network of interlacing symmetrical curves of flowering stems.

I haven't seen any hallmark.

## Dimensions

11,5cm in diameter

and 5cm in height

Weight 146g

Incredible quality of work to compare with

Cachemire shawls production, enamel

brassware... (please check my previous

announcement about a very nice and large

Kashkul)
