### Description

Southern Landscape with Medieval Church,  
Towers, and Agave, Oil on Canvas, Ca.  
1920-1930

Technique: Oil on canvas

Dimensions: 61 cm x 74 cm

Condition: Good

This Southern landscape reflects the post-World War I style, an expressionism that returns to the earth and reality, while still holding echoes of the avant-garde. The artist boldly combines earthy and clay-like tones with intense greens, creating a decorative effect full of character. The solid, tangible forms, such as the agave in the foreground and the medieval church in the background, are animated by quick and
