### Description

This beautiful diorama to pose representing the Last Supper, the last meal of Jesus Christ with the twelve apostles, is in very good condition, except for a small lack at the bottom left (photo 2). The representation in the center is protected by a glass that can be removed. The work of the carved, engraved and openwork mother-of-pearl is truly superb. Several annotations, more or less easy to decipher, are visible on the back. We can distinguish the name of a priest, the dates of 1917 and 1942, as well as several other names. I think it is a gift offered to a priest by his faithful.  
Height: 24 cm. Width: 21 cm. Depth: 6.5 cm.  
Fast, careful and very secure shipping.
