Description

This rare and fascinating 18th century painter's desk is a unique piece of art history, possibly dating to before the 1700s. Made from solid wood, the desk features two elegant arms designed to hold candles, providing functional lighting for artists of the period. Accompanied by a later 20th century painter's palette, this set is both a collectable and decorative item. The desk is well preserved, with natural signs of ageing that enhance its authenticity and historical charm. Dimensions: Height: 112 cm Width: 30 cm Depth: 22 cm Key Features: 18th Century Craftsmanship: The wooden desk displays traditional techniques, with a design suited to an artist's workspace. Candlestick Arms: Two arms extend from the desk, intended to hold candles for lighting. Historical Significance: A rare example
