Description

Important and particularly graphic Art Nouveau inspired bracelet. A very important honey-colored Baltic amber cabochon tending towards red is set in solid silver. The whole is worked to simulate a fruit surrounded by leaves, the body of the bracelet is partially worked to imitate wood. The plant rendering is very beautiful on the wrist, however the last owner wore it as an arm bracelet. The clasp is perfectly functional. Art Nouveau style and mid-20th century. Please note: this bracelet is in perfect general condition.
