Description

Important and sublime box of silver-plated bronze bijoux from the NIII period. Rectangular in shape with rounded ends, very well-chiseled relief sculpture work, fine, deep and precise engraving. Two beveled mirrors in front and back, porcelain plaque representing a finely executed gallant scene but broken in 2 places (restorable) Interior in original blue silk in its original condition. 1 unidentified punch on the lid. Luxurious objects of very fine workmanship. (Very heavy)
