Description

From the beginning of the 18th century, our Louis XIV chest of drawers, from Dauphiné, slightly curved on the front, is in veneer of Ash burl, Walnut in Amaranth frames surrounded by Olive and Ebony fillets, on a Softwood frame. Rare .. It opens on the front with 5 drawers on 4 rows: 3 large drawers and 2 small ones under the belt. The decoration of the top inlaid with games of reserves with geometric shapes declined on the base of the circle and the rectangle highlight the veneer of Ash burl and Walnut with sinuous surrounds in Ebony burl and Olive wood. The uprights are rounded with simulated grooves and the sides play on simplicity with nested geometric figures. The chest of drawers opens with Pull Handles called "Aux Valets" and Lock Entrances in Gilded and Chiseled Bronze. This Work is
