Description

The 18th century Rococo cabriolet armchairs from 1760 are amazing, extremely rare with wavy and profiled structural elements, backs, seats and handrails lightly upholstered with material, supported by four carved cabriole legs. The backs are slightly concave, arched with carved flowers in the middle, flared towards the top and concave on the sides. The seats are rounded at the back and wavy at the front, decorated with flowers, similar to those on the top of the armchair. Legs flared at the top, ending in a foot at the bottom. Pinned construction. Condition: very good, original - visible traces of use, secondary padding, slight abrasions on the armrests, each armchair has a slightly different upholstery material, new Origin; France 18th century circa 1760 Material: walnut Dimensions: height 100
