

## Anthropomorphic Fox Concept Art

2 100 EUR

Period : 20th century

Condition : Très bon état

Material : Other

Height : 1m20

### Description

Very beautiful example of anthropomorphic art formerly intended for the Christmas windows of the Galeries Lafayette. In this composition, the artist stages a fox dressed in an elegant dress and a tiara. Her discreet and expressive gaze imposes a feeling of strength but also of vulnerability as if she were trying to impose her presence while hiding a certain sensitivity.
