Description

Beautiful and rare pair of Gothic style candlesticks, chiseling of rare finesse, original gilding, burnished agate, multiple chiseling on the faces of the architectural and clothing details. These quality candlesticks are rare examples of the Historicism movement in France, the design and the making of our candlesticks are similar to the creations of Jean Baptiste Jules Klagmann 1810-1867 and the bronzier Jean François Denière. French work, circa 1850
