Description

Magnificent hunting buffet-dresser in oak richly carved with animal motifs, deer, foxes, fish ... In superb condition, beautiful very clean waxed patina, it dates from the end of the 19th century and is of very good quality. Rounded in shape, the lower part of the sideboard with 3 doors and 3 drawers can be used without the upper part (see last photo) The upper part is made up of display shelves at the ends, in the central part, a large display case closing with a door with its original old-style glass, inside the shelves adjustable in height. On the pediment of the initials "LV", it is removable as well as the two balls. (to reduce the height to 254 cm) Its overall dimensions in cm are: 180 x 54. height 292 (height of the buffet alone 100)
