Description

Seiko Diver 300m circa 1967, vintage stainless steel diving watch ref. 6215-7000 equipped with the caliber 6215 Diashock functions seconds in the center, quick date in register at 3 o'clock, self-winding movement. Original matte black dial with gold writing, luminescent indexes and hands originally, solid monobloc unpolished case, screw-down crown at 4 o'clock, bidirectional rotating bezel graduated 60 minutes, domed mineral glass "Hardlex", water-resistant to 300 meters originally. Dimensions: 43 mm x 48 mm (lugs included) x 14 mm (glass included), the mechanism and the case are signed and numbered. With its very particular design This is certainly the most emblematic diver produced by the Seiko manufacture in the sixties. Vintage item in very good condition and in perfect working
