### Description

View of the port of Collioure signed and dated 30, which is a perfect synthesis of the talent of Henri VERGE-SARRAT. Bold oil on its original canvas in perfect condition, without any restoration, putting the royal castle in the foreground and in the background a tumultuous nature brushed vigorously like a whirlwind which mixed with an astonishing chromatic range, gives this work an originality and an unequaled personality. Mentioned on the back "port of Collioure seen from Miradou", it is one of the masterpieces of this painter whose affection for Collioure dates back to 1917. Later American box.
