Description

Well fitting forged in the 19th century, its uprights, linked by a core topped with a trident, are attached to two riveted inverted volute jambs. Three 19 cm seals allow it to be fixed in a stone coping. The diameter of its pulley at the hearts is 24 cm. The section of the uprights is 24 mm² and that of the jambs is 20 mm². One of the two uprights is removable to allow transport without risk of damage. You can visit our website: www.claudeaugustin.com
