Description

Oval box in Capodimonte porcelain from the late 19th century. Very pretty box worked in relief with decoration of young children or putti representing a genre scene on the domed lid and young sculptors around the edge. Charming scenes and of very good quality enhanced with gold and decorated with a fine polychrome decoration. Box of good size, length 13 cm, decorated with a pretty gilded bronze mount. To be placed in a beautiful collection or to use as a jewelry box.
