Description

We are buyers of key collections, and collectible keys

Beautiful key, late 16th or early 17th century, this key, drilled shank 8mm in diameter, is distinguished by its open pierce bit and its 5-tooth comb on a flared muzzle, typical of the second French Renaissance.

Its flat oval ring, 6mm thick, is cut with saw of an elegant jewel of the time trompe l'oeil, centered on a square cushion gemstone. A little touch that could make you think of a wedding jewel offered with it!

Good condition, no flaws, wear and tear.

Dimensions: 11.5cm x 3.2cm

This item is for immediate purchase, payable by credit card or paypal.
