### Description

Beautifully thick panel carved with 2 dolphins pulled by a cherub, carrying a man blowing a conch, while a cherub in the sky accompanies them. This work evokes the sculptures of CLODION (sculptor of the end of the 18th century, whose works are widely present in the Louvre) The panel executed in the 2nd half of the 19th century is in very good condition, and it has acquired a beautiful patina. Delivery to France by Colissimo with tracking: 50 euros (linked to weight)
