- 5 light points (large current E27 screw-in sockets)

A particularity of this important chandelier is that it is both imposing (8 plates + shells and diameter of 65cm) while being relatively "compact" with a height of 73 cm (two characteristics that are rarely associated and difficult to find)

The glassware, as well as the frame, are of a rare quality and have absolutely no defects.

This is a model strongly inspired by the Müller Brothers which was made in Val Saint Lambert.

The set is therefore very rare, in impeccable condition, fully re-electrified and ready to hang!

Dimensions:

Height = 73cm

Diameter = 65 cm
