### Description

Magnificent secretary, empire in mahogany, 19th century. With detached columns ringed with bronze, gilded, finely chiseled and shell base at the front, straight at the back. Opening on the front in the upper part: - by a large drawer in the doucine. - By a flap covered with green leather with gilded borders (intact), opening onto a niche and six small drawers in total. In the lower part: - three large drawers of identical dimensions, with brass pull handles, gilded, finely chiseled. This elegant secretary is topped with black marble, speckled with white, intact. The key is present and works. Perfect stability. Beautiful condition of discovery. Do not hesitate to contact me for more information, and add us to your favorites to follow our latest news! Delivery possible with insurance included everywhere in France, for a
