Description

Beautiful large vase decorated with waders by André Delatte. In the purest art-deco style, this large vase is entirely and strongly acid-etched. The decoration stands out brilliantly on a granite background and captures the light particularly well. Beautiful blue color and wide flared shape as well as a small constriction at the neck. It is therefore decorated with several large waders in stylized vegetation. Large dimensions: 35 cm high and 20 cm in diameter. A beautiful art-deco piece, interesting theme and color
