### Description

Beautiful ornamental vase in the shape of an amphora and from the Empire Restoration period - early 19th century, 1820s. Beautiful decoration of Italian landscapes called "turning": the landscape goes around the vase in an uninterrupted manner. Very beautiful brilliant gilding on the entire vase. Quite large model, very refined production, it can complete a garnish on a piece of furniture or fireplace. Our vase is in very good condition, very fresh and remarkably preserved gilding. No accidents except 2 small restored chips at 2 corners below the base.  
Height: 30cm
