Description

Spice rack. Silver. Spain, 20th century.

Contrasting marks.

Oval-shaped container resting on four feet with a human head, outstretched wings and an

architectural base with vegetal decoration of a

marked classicism. Stylistically, it is inspired by

old models of Spanish silverware. Note the star

reserved for first-law silver in the 1935

regulations, as well as a goldsmith's hallmark that

has not been identified. -

Weight: 400 gr. Size: 12.5x11x11.5 cm
